Homepage

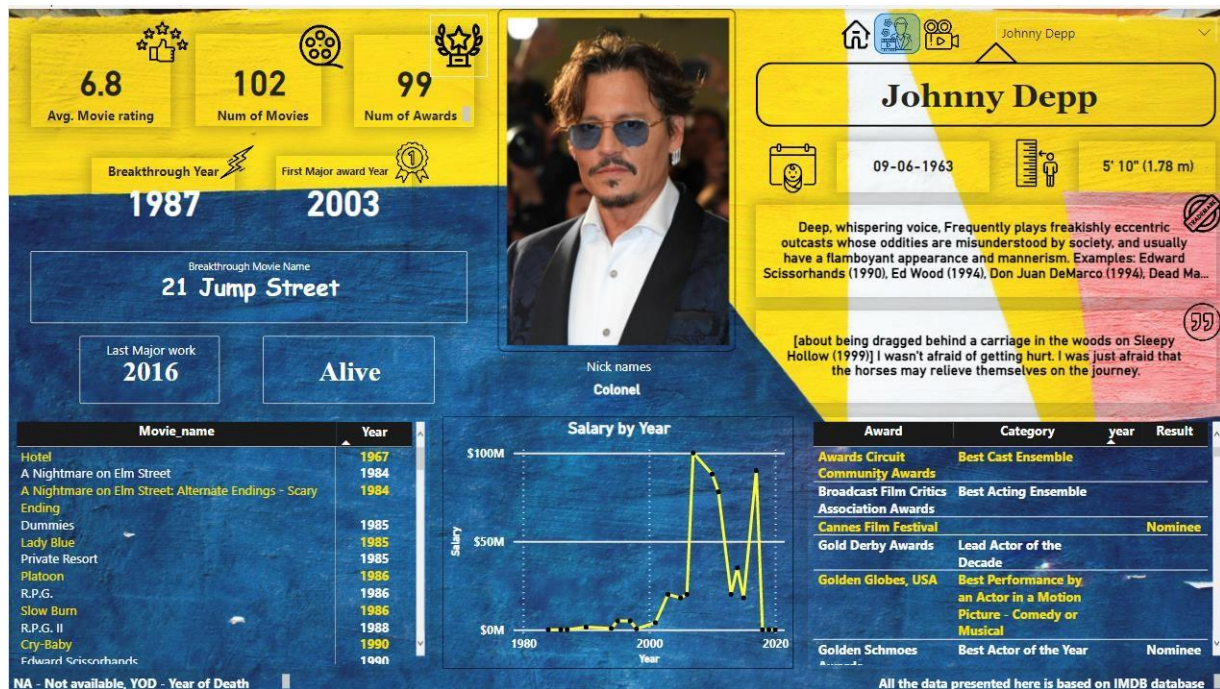

As per the requirement of the project, I have divided the analysis into two sections

- Entertainer focused analysis
- Overall movie and entertainer analysis

Homepage will have the button to navigate to the following pages,

- Entertainers Analysis
- Movie Analysis
- Information page of the project

Entertainer Analysis Page

This page mainly focuses on the individual entertainer, KPI list as follows

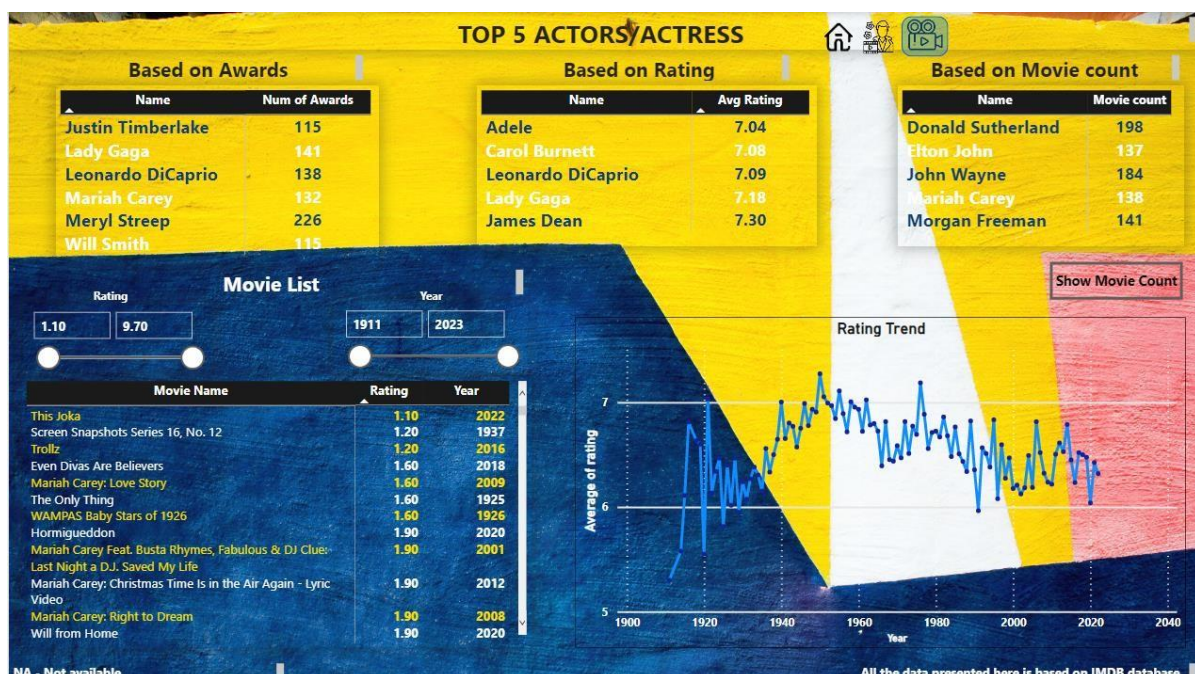

- Average Movie rating
- Number of Movies
- Number of awards
- Breakthrough Year
- First Major Award year
- Breakthrough Movie name
- Alive/YOD
- List of movies and years
- Salary by year
- DOB
- Height
- Trademarks
- Quote
- Awards and category
- Headshot of the entertainer

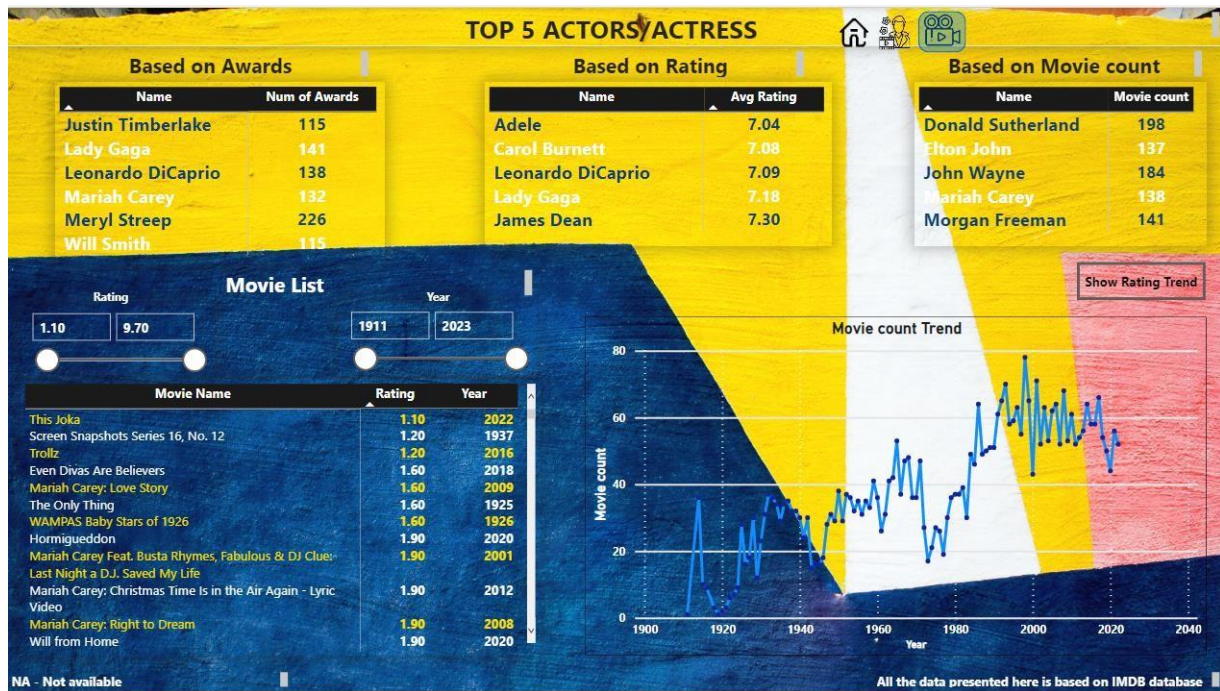

Movie tool tip

By hovering the movie name, the user can get to know the movie details with the pop up.

Movie analysis Page

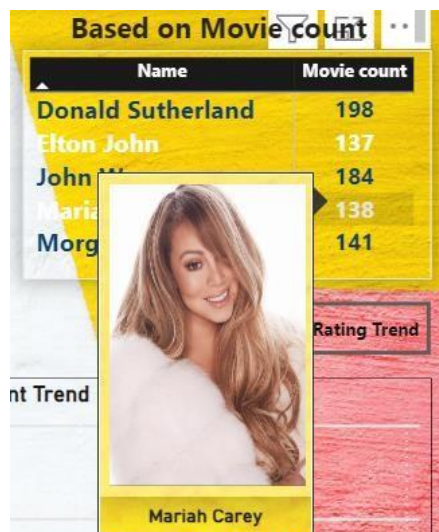

Top 5 actors/ actress

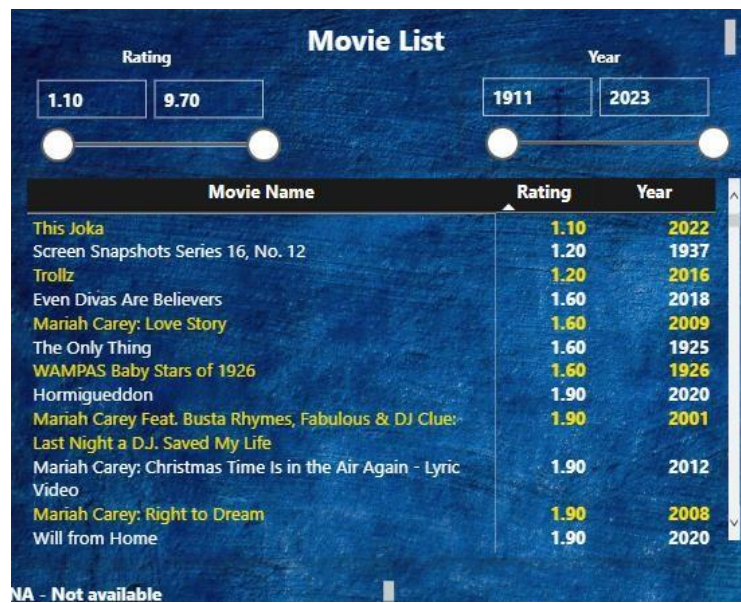

- Based on number of Awards
- Based on average rating
- Based on Number of movies

Were displayed in the table form.

By hovering on the entertainer's name, user can see the entertainer's photo which will be showed in pop up

Movie List

Movie list with two filter has been added to the report, user can change the filters according to the need, and get the list of movies.

Movie count Trend

It will represent the trend of movies count over the years.

1998 – registered high number of movie release which is **65** by the list of entertainers

2022 – registered as of now, **55** movies

Rating trend

This graph represents the average rating trend of the movies

1950 – registered the high rating among all the years, which is 7.27

2022 – registered 6.32 as of now

Entertainer Data Analysis
